

Welcome to your new Carrum Downs home.

**Victoria's only ROBUST PLUS
one-bedroom villas**

Purpose built homes developed to provide safe, person centred support for participants with complex needs.

Carrum Downs Robust Plus Villas.

Our brand-new Carrum Downs Robust Plus villas take standard Robust to the next level – integrating design solutions that are resilient and protect both clients and frontline workers. Incorporating spaces that minimize risk while maintaining comfort, reducing triggers and promoting calm.

Each resident has their own ensuite and private spaces including a courtyard. Six of the units have a dedicated OOA room for a support worker, while unit seven is ideal for participants who seek greater independence with no OOA.

These Robust Plus homes have high-durability interiors, smart tech and quick change maintenance to provide a safe, comfortable and secure home that fosters stability, recovery and long term wellbeing.

Whilst built to Robust Plus specifications, many features can be personalised in line with client's individual care and support needs.
